The acquisition is part of a strategy by RoLabX to become a global gaming powerhouse with operations in China, with over 50% of revenues coming from China alone by 2021. The deal also confirmed that Tencent will continue to operate as the chief customer and user experience partner for ROBLOX. In late 2015, ROBLOX announced that they would be running advertisements on their site. Unfortunately, these advertisements were run-of-the-mill ads and did not produce any revenue for the company itself but also had a negative impact on their community as they were being flooded with ads featuring nudity, extreme gore, racism and other inappropriate content. In addition to this, many games would feature these ads despite not making any money from them themselves. ROBLOX was banned from Xbox Live in 2015 due to the game running advertisements which violated Microsoft's Terms of Service by being inappropriate for children. The ads contained anime-style nudity and extreme gore. This was later changed however when Roblox reached an agreement with Xbox Live regarding the matter between them.

This tool is very easy to use, and you will always have a ton of fun with it. In my opinion, this is one of the most efficient ways in order to get free robux on roblox. It has been tested by several players already, so it seems to be reliable enough.

On January 13th, 2019, ROBLOX implemented broader anti-fraud features called "Secure Trading." The system is designed to prevent fraud such as fake accounts/bots, selling stolen virtual currency and more. It is also designed to allow users to trade in a safer environment. [28]

Even if you do decide to use the free robux promo codes for roblox, there are still risks involved. You should never share any information that can be used to identify yourself with other users in the website. A lot of people will not even want you to have these codes and they will always try to find a way to get them from you. You can easily detect who they are because they will always ask you for the code even if it is against the rules in Roblox itself. They will also tell their friends about how they managed to get a code and ask them if they want this one as well. You can easily avoid these people by knowing where you got your code from and who gave it to you.
