On November 2nd, 2018, ROBLOX announced that the company is looking into implementing state-of-the-art anti-cheat technology. This was made to reduce the chances of "boters" putting random objects in games that don't belong there or making designs that look like they can be through a video editor. The company also stated that if there are any issues with their anti-cheat software, they will let everyone know as soon as possible.[24]

Roblox has received a mix of reviews. Many reviews are negative, saying that Roblox is not appropriate for children, as it contains an abundance of violence and inappropriate language. Some parents have raised concerns that Roblox may be a potential platform for sexual predators to target children.

A lot of people have tried to crack Roblox and rip off their users by copying their website and fooling people that they have free robux codes which are actually not really working at all. These people try to fool users into giving them personal information so that they can hack their accounts. This is why players should always be very careful with who they share their account information with so that they do not get hacked or lose their accounts. It is also important for you to avoid downloading any suspicious files or programs from the internet because it can put your computer in danger. Be sure that you protect your personal information and never use the same password for more than one service on the internet. You should always come here to get all of the new Free Robux promo codes for ROBLOX instead of trying to find them through third-party sites or hackers since they are guaranteed to work when given by ROBLOX themselves. You can also use usernames and passwords that have never been used before. These are the best ways to stay safe online and continue enjoying all of the fun that Roblox has to offer.

On October 4th, 2018, Roblox introduced a new game mode called "Elevate", which had players build futuristic skyscrapers in the sky. Players were able to earn money by selling their custom skyscrapers for Robux. It was soon discovered that many of these buildings were copies from the game "Survival Island", prompting ROBLOX to ban users who had copied these buildings.[79]

Robux is the virtual currency for the game Roblox and it is used to buy a variety of items such as gear or apparel for an avatar. Roblox players can earn free robux through games, purchases or selling their creations on the site. Like I said, the free robux is a great thing to have in your account for almost everything that you need in the game. And it's also very hard to find free robux. There are other ways to get free robux, but they are very hard if not impossible to get most of them.
