Players could also get banned by moderators for sending unwanted messages to other users. A moderator could then ban a player's account for spamming other accounts or trying to bypass chat filters. There are other forms of trolling which can be found on Roblox today.

ROBLOX's Twitch page was created on April 4th, 2016. So far, ROBLOX has streamed various games and have gained a moderate amount of followers: on April 26th, 2016 (one month after the page was created), ROBLOX had 6,200 followers.[13] On October 24th, 2017 (exactly one year later), they gained 36,000 followers.[14] Their most viewed stream is "High School Life," which so far has gotten over 2 million views.[15] The same video even got 6.7k upvotes.[16]

I don't think that I will ever return to Roblox, but I can't say I won't miss it. It's the type of game that I can play and enjoy when I feel like doing so. But as much as I want to keep playing, there have been a lot of games that have come out in the past years which are a lot more interesting than Roblox, such as Minecraft and even Runescape!

ROBLOX also shares user information such as email addresses with any business partners that are directly involved in the provision of ROBLOX services, such as developers and advertisers. ROBLOX reserves the right to send or share non-personal information with third parties in order to assist them in providing accurate behavioural advertising and targeting.
