The Chat Room is an area where players can talk or text either with themselves or with other players. The chatroom is separated into different categories, depending on what players are doing. Normal chat rooms for most players will probably contain users asking different questions about the game as well as people chatting about their creations. Other chatrooms include a room where people can indicate whether they want someone to play their games or put them up for sale and a "Celebrity Chat" that allows known celebrities to visit and hang out in the chatroom.

Rated 5 out of 5 by Anonymous from Amazing but scary I absolutely love this game. There is so much to do like make clothes, build houses, and even things on ROBLOX Studio. After I started building my own games I decided to start playing them and they are so intense. But I love it there is lots of challenges.
