On July 19, 2018, ROBLOX launched a new mobile app called ROBLOX Mini. It is aimed towards kids below the age of 6 years old. It allows players to play mini games as well as create items for their mini-game and have a catalog of characters to dress up as.[50]

ROBLOX announced the launch of an app called ROBLOX Studio in July 2009, which allows players to make 3D videogames using ROBLOX Soft, or Lua scripting. These games can be shared on the website and with friends via social networking and email, making the virtual world even more alive than ever before. The app is free, but users must pay for revenue sharing of their games. On January 30, 2014 ROBLOX released its first app exclusively for iOS devices called "ROBLOX Studio" which puts a lot of its features into a more user-friendly format that previously had to be accessed through two separate products.

The CEO of Roblox is David Baszucki, also known as "Devdog". He made his first \$1 million by using a stock option from a company that he had worked at called Original Media. He was fired from the company for not coming up with any new products despite having achieved success in the existing ones. After this, he started to work on ROBLOX alongside his friend Owen Hill. Although Roblox was founded only in 2009, they had already made their first \$1 million by 2013.

While this may be true for some cases, there are some individuals who make these videos just to deceive users into thinking that they have found a way in which they can get free robux for their accounts. This is usually done by editing the time stamp, making it look like they have gained several thousand dollars' worth of free robux within a short period of time.

On December 14, 2017, ROBLOX announced that it had partnered with Warner Bros. to produce a game based on the upcoming film "Justice League" (which is scheduled for a 2018 release). The game will be based on Batman's sidekick Robin, and will come in two forms: one which is story-based and one which is puzzle-based. The game was released in Europe on November 28, 2018 and in North America on November 30, 2018.
