Roblox is a user-generated online game platform. It is like Lego for adults, it has an array of age appropriate content from kids to adults. One can buy, sell or trade parts and codes on the Roblox marketplace. The company was founded in March 2006 which makes it one of the oldest in its sector and a rarity as an independent video game developer. Given the small size of Roblox (around 15 employees), there is not much information about the company which means that finding a free robux for roblox can be difficult. So I have decided to list the best sources to get free robux for roblox. There are many ways you can earn robux on roblox but most of them are expensive or annoying. So I will only be listing the reliable ways to get free robux for roblox.

On February 4th 2019, ROBLOX released some updates for their Studio 2.1. They stated that they would be making many fixes on their website to improve the experience and to make it more stable and bug-free.[95] On February 11th 2019, ROBLOX released "Studio 2.2" which was a major update which contained bug fixes and minor improvements. On February 12th 2019, ROBLOX released "Studio 2.3" which was another smaller update containing bug fixes and minor improvements.[96]

A former employee named Chris Misner wrote a blog post detailing how her job at Roblox was "ruining her life". The blog post, which was posted on June 26, 2018, claimed that her bosses were dismissive of her complaints about discrimination at work. After she met with human resources and brought up issues regarding harassment and gender discrimination in the workplace, she said that she was fired for unknown reasons.

Roblox has been criticized by parents for issues such as allowing players to have relationships with other users through the game, and allowing players to (unsuspecting) "friend" hackers. Other criticisms include consuming large amounts of bandwidth, and not being child-friendly. The site has been removed from school computers in order to protect children.

I love how you can play with your friends but I wish that it was easier to make friends, and I also think that there should be more options to choose from when it comes to picking a skin, and I also wish that there were more games with different kinds of genres like horror or even some kitty games for cute lovers.
