In September 2016 Moon Active announced that they had signed an agreement with Warner Bros Entertainment to create a mobile game based on their popular animated film, Wreck it Ralph 2. The game is titled "Coin Master 3: Wreck It Ralph" and was designed by Moon Active in conjunction with the main production studio behind the film, Walt Disney Animation Studios. The levels of this version are based on locations from the movie including Litwak's Arcade, Sugar Rush and others. The game is expected to be released for Android devices in 2017.",

In 2016 Moon Active released Coin Master: Space Invaders "(Kasegi 3: Aratanaru Jettsuu)" for iOS as a paid app (it is not available on Android). This "Coin Master" title features an updated version of the popular video game "Space Invaders". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains micro transactions that can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Space Invaders is composed of 4.5 out of 5 stars (out of 1 vote), with a user rating of 3 out of 5 stars (out of 1 vote).",

Best Game Ever by Mr.QuackMcWack on 2018/05/29 03:13 This game is so much easier to play than the other games I've played. There aren't many glitches, and it doesn't take up so much space. It could use some more decorations but it is still a fun game to play, especially when you are bored and have nothing else to do, or when you need something to distract you from your homework or other things you need to do in life. It is a great free way of making people happier with the challenges this game provides.",

In March 2017 Moon Active announced that a version of Coin Master was available for download on the Samsung Gear VR virtual reality headset. This version of the game was developed in partnership with Samsung and is based on their hardware (Samsung Galaxy). The game's description states that it is a "virtual reality experience" and that it allows users to "take full control of the adventure!".",

Creative and challenging by Houshk on 2014/09/21 19:18 This game is challenging yet fun at the same time. The levels are creative and well designed. To me they are not frustrating as some other games that don't really go anywhere or have too many different options to choose from. I love this game a lot!",
