You need a lot of coins by idk man on 2018/02/23 16:13 It's a fun game but you have to be extremely patient and keep collecting coins over and over again just so you can get any upgrades or anything better. It's like you're never going to get the update you want and it's very frustrating. And the whole thing where you have to spin so that you earn more coins and then you get a random chance of getting coins is just aggravating. The only reason I am writing this review now is because I played this game for almost a year while waiting for an update or something good to happen but it never did and I was sick of it. The thing that ticks me off the most is that I live far away from my friends and I wanted to be able to talk with them but you need a certain amount of coins just to be able to talk with people and I thought it was very unfortunate because when your trying to play games and win coins, it's hard and then you have to waste more of your time just so you can talk. Yes, you can use ur coins for getting power ups but in order for u not to be broke, u needa save up for the power ups so they have something interesting. If you're like me and like to talk to your friends while playing or get things for your farm, do not play this game. It is one big waste of time and it takes so long to progress. And the chat ain't worth it either lol",
