On September 6, 2018, Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for iOS as a free app (it is not available on Android). This "Coin Master" title features an updated version of the popular video game "Puss in Boots". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Puss in Boots is composed of 4.0 out of 5 stars (out of 1 vote) from 2 users, with a user rating of 4.0 out of 5 stars (out of 2 votes).",

In September 2016 Moon Active announced that they had signed an agreement with Warner Bros Entertainment to create a mobile game based on their popular animated film, Wreck it Ralph 2. The game is titled "Coin Master 3: Wreck It Ralph" and was designed by Moon Active in conjunction with the main production studio behind the film, Walt Disney Animation Studios. The levels of this version are based on locations from the movie including Litwak's Arcade, Sugar Rush and others. The game is expected to be released for Android devices in 2017.",

Coin master currently has a 4.5 star rating on Google play with over 8,000 reviews, and a 3.5 star rating on the iOS app store with almost 2,000 ratings. This is probably due to the fact that while this game is not the most addictive or fun around, it definitely is a good game to pass time with if you have nothing else to do. The graphics are nice and colorful and the concept of going from island to island collecting treasure along with your pet fish is unique compared to other games out there. I also enjoyed how there were achievements and collectables you could purchase at certain levels which allowed you to work toward achieving something special in the game as well as progress through it more easily. Besides that, I feel like this game is definitely worth a download and worth 5 dollars to unlock all of the cool stuff, but as it is right now I wouldn't recommend it.

Good Summary Coin master is fun to play, but not nearly as addictive as other games out there. Worth it if you love price charts and achievements, otherwise try other games first.",

"Coin Master App" has been rated as 4 stars out of 5 on Google Play(4.6) and 4.5 stars out of 5 on the App Store(4.5) for both Android and iOS devices. It has also been rated as 4 stars out of 5 on Amazon(4.17).",

The special edition "Humble Coin War" was released through United Pixelworkers' official Facebook page on September 1, 2016 featuring seven exclusive cards from "Coins & Curses 2". The package included four premium packs of cards for use on mobile devices (full version of the game) and two extra packs which were only available through this special offer.",
