The game has received positive reviews from multiple independent publications, including TouchArcade who gave the title a rating of 4.5 stars out of 5. Phenomenal for five years and more by Kiki123456789 on 2017/09/22 02:35 I've had this game for 5 years and it hasn't let me down once. The only thing is I don't like how it got too big and how you have to do so many things to be able to open the cool stuff like getting more land, etc. It's really hard to get diamonds but when you do, it's okay. But you can definitely win them by watching videos and doing other things. I love this game so much."

Another version of Coin Master was also created by Mojang in 2015, which is available to players free of charge via Minecraft Realms. This version primarily includes the same gameplay aspects seen in the original (but with some graphical upgrades, and 3D style). The game uses texture packs to resemble the look of the original versions."

The gold edition of Coins & Curses Adventure will include all four character packs as well as a new card pack containing 12 cards for use in the game. In July 2017 United Pixelworkers announced on their Facebook page that a PC version of Coins & Curses 2 was being developed by ZenFantasia. It is currently in development, but no release date has been announced."

"Coin Master App" has been rated as 4 stars out of 5 on Google Play(4.6) and 4.5 stars out of 5 on the App Store(4.5) for both Android and iOS devices. It has also been rated as 4 stars out of 5 on Amazon(4.17)."
