Good but... by minecraftgirl_2021 on 2021/02/18 22:32 This game is great i love it but there are WAYYYY to many ads and the coins aren't cheap at all. I don't mind watching ads for getting coins and what not but I don't do it all the time like you guys want me to. I only have a small allowance which means a lot of my money goes to starving myself on this game. And if you get an ad like once every hour just be thankful for what you get because 90% of phone apps are like that or even worse. Anyways it is a great game and I love it but there are some glitches. Like when I'm clearing the road, I have to tap on the broom to be able to sweep and keep tapping until it unlocks which causes me to lose a lot of lives. Also you could fix one of the new updates where coins and gems and tickets go away sometimes. Sometimes they don't even go away if you got them from one of the game features. And those features are part of getting coins and gems. What about lucky tickets? And if you have this problem too then just tap until it unlocks then get off for like 5 minutes or so then re-open the game. That usually fixes it. Also please fix the issue with the ticket counter. I don't know what it is but I've been watching a lot of videos and forums and they say that if your game is running slow then you should get rid of the "Greatest Hits" feature but you don't get any more coins or like any more credit for using that feature. It's just a wasted ability.",

Great app, but... by Anubis_In_Da_Club on 2021/11/27 15:02 I love this game, but I hated the fact that you had to wait a while until you could start another game. It was very frustrating. Overall, it is amazing! It's my favorite game because it's not like every other puzzle word app there is out there.",

"This is one of the most enjoyable games I've ever played. You don't have to be online to play, which is a big plus. You can get free coins and spins by viewing videos or playing other games. It lets you choose which level you want to play on, so it isn't too easy and boring, or too hard and frustrating. The best part is that you can play with your friends at any time! There's not only boss fights, but there are also puzzles that require you to work with other players to figure out how to beat them. A good thing (or bad thing for those who don't like boss battles) is that if you go into a fight with someone else, they will take over the game. This means you might have to just sit there and watch while they fight. If you don't want your friend to leave, you'll have to buy some extra lives by tapping on the screen." "Great game! I love that you can play with friends anywhere, even when not connected to the internet. I would only add that it is hard sometimes when there aren't enough coins, but other than that, this game is so worth playing." "This is one of my favorite games because of the different levels and how easily it takes all my free time. I think it would be more fun if there were different games you could play with friends online and offline. It would also be cool to have a way to actually get coins and lives without having to pay for them." "I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways."",

Great game by MommaDee2021 on 2021/11/14 15:02 This game is free with ads but they aren't bad at all they're actually pretty awesome . It's a free game that I think would be worth the money. It's really fun and makes you stay on it. It's got a lot of levels to unlock that make the game even more interesting and fun. It has very great graphics compared to other games but you don't have to pay for them which is what makes it even better!",

The developers of Coin Master have been awarded numerous awards and nominations for Coin Master and its development teams have also been recognized in a number of press releases. In July 2021 Moon Active announced that they had received financial assistance from the Jewish Federation of Greater Washington for the creation of "Coin Master". This was to aid the team in their work developing "Coin Master 2" but this was subsequently discontinued. The developer of Coin Master has revealed that he is a practicing Jew as well.",

"If you have been looking for the best way to have fun with coin master free spins and unlimited coins, Coin Master Puss in Boots Hack MOD APK is one of the best tools available on the internet. Download it now to enjoy unlimited amount of coins and free spins that will last for hours." This is one of the best games ever. The graphics are great, the soundtrack is good and I really like how it uses my location to make the levels more interesting. The only problem with this game is that although, it's a free app...it's not actually. You can't get far without having to spend a lot of your real money on extra lives and coins. Even though you can earn free lives by watching videos or playing other games, it's still not enough unless you buy some more which cost actual money. That's why it's not really free, but it was a great game while I could play it. "Greatest game ever! I love this game because you can play with your friends in any place and this is a best game." "I really loved this game! It is simple and so much fun to play. My favorite part about the game is making alliances with other players and working together to defeat bosses. But there are some issues with the app... right now, I am stuck inside of a picture puzzle that will not let me continue. I have deleted and reloaded the app many times but nothing has helped. If I can't get out of the puzzle, I will have to delete the game. Also, many other players have told me that they wish there were a way to get better armor without having to pay real money. Overall though, this is still one of my favorite games and I don't want to delete it." But you did... so what do you do? Delete it. This is a game that has enormous potential. However, when your goal is to collect spins and the more you play, the less spins you get...there's a problem. Without paying real money, it takes forever to level up. If the developers would get rid of the need for real money to enjoy this game, they would make a lot more fans and earn more of that currency than they already are... real money. If I was developing this game, I'd make it fun for those who aren't going to pay for extra lives or coins and find ways to build loyalty with your fans instead of constantly making them feel like a cash cow walking into a slaughterhouse. This game has so much potential, but in its current state I can only say this about the game... "It had promise."",
