On January 10th, 2016 United Pixelworkers released a free "Coin Master" themed virtual pinball table through Pinball Arcade game for mobile devices, IOS and Android platforms. This pinball table has over 100 levels of play including three unique modes that were never included in the original game due to time constraints The full version of the table was available for purchase to those who had previously purchased the original CoinMaster app.",

The graphics in Coin master are relatively basic, but they are bright and colorful. The game is based on the concept of a treasure chest, which is where you keep your coins. The coin master himself is a bearded pirate who is dressed in traditional pirate attire, and his second in command (who helps you collect gems) is an orange fish wearing a top hat and a monocle. Another big feature of the game is that you have your very own pet fish which follows you around while helping to collect coins for you - these pets can be unlocked by reaching certain levels or using gems to take care of them. Their names are Chippy, Daffy, and Popeye - the latter two can be different depending on which pet you have unlocked.",
