Coin Master is an "arcade" game that is free to play and does not require the user to pay in order to advance through the levels. Though in-game advertisements were initially planned, Moon Active decided not to use them, making it possible for users to download Coin Master without being interrupted by ads. Instead, they opted for micro transactions and an ad-free version. The developer explains this decision by stating that he does not believe in offering a pay-to-win type game.",

Too many ads by Pooptart on 2016/08/20 15:40 It's kind of annoying how often you have to watch ads. I mean, an ad after like every two or three levels is fine, but then they also have ads that pop up if you don't choose the right word..and those are frustrating as well. The game itself is addicting and fun, but I feel like it's hard to progress in the game without looking for answers online..",

Good but annoying by Mudda on 2015/04/04 20:05 I really like this game except for the fact that there are ads every time you do anything. You can also only have one game completed at a time otherwise if you put it down to go do something else and come back you have to start all over with your puzzles again. Great concept but needs some work because I had to delete this app because of the ads, which is very unfortunate because this is one of the only good word games out there.",

In 2015 Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for iOS as a paid app (it is not available on Android). This "Coin Master" title features characters and settings from DreamWorks Animation's hit movie "Puss in Boots". This version of the game is free to play and offers power ups and missions. In addition to updated graphics, it also includes new enemies such as sheep, bees and a wolf who jumps around trying to knock coins out of the air. The game has received a tiered rating of 4.8 out of 5 stars (out of 7 votes), with a user review stating that "Coin Master is a great game, well worth the full price" while describing it as "The original coin master (with) a few twists".",
