Coin master has been out for a few months now and is the first game of its kind and has had an overwhelmingly positive response. We here at TheGamesLovers thought that we would take a closer look at how this game works, what is needed to play, and what makes it so addicting""

The first 1000 people who pre-ordered the original "Coins & Curses" from United Pixelworkers received special recognition in-game within "Coins & Curses 2". Coins & Curses 2 is currently available on mobile applications and can be played directly in any compatible browser or downloaded through an app for PC/Mac devices and tablets. The game is slated for release on Steam as well as the upcoming Nintendo Switch console sometime in 2019."

The game has received multiple awards and honors from independent media publications including being awarded "App of the Month" on TouchArcade in June 2016 as well as receiving the "Best Game for Kids" award at the 2017 TMO App Awards. It has also been nominated for multiple awards from leagues such as The GBA Awards in the Best Gameplay, Best Social Game category and was named one of "America's Top iOS Games" by Mashable in November 2016."

This "Coin Master" title features an updated version of the popular video game "Puss in Boots". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying \$4.99 for an ad-free version.
