Boring by tommissausage on 2021/10/31 12:19 With over six hundred levels of play, this game should get a lot more attention. Don't get me wrong, the graphics are good and the gameplay is engaging, but it's just so bland and uninspiring. It's like a run of the mill jigsaw puzzle with puzzles you've seen before. It also never lets up with adds and very little feedback when you successfully complete a game level. There should have been some form of ending criteria as well as feedback on your performance in game mode. Simply put: it's just boring.",

Good but annoying by Mudda on 2021/04/04 20:05 I really like this game except for the fact that there are ads every time you do anything. You can also only have one game completed at a time otherwise if you put it down to go do something else and come back you have to start all over with your puzzles again. Great concept but needs some work because I had to delete this app because of the ads, which is very unfortunate because this is one of the only good word games out there.",

Awesome game by Nonstopgamer on 2021/04/12 20:34 I really like this game. It is challenging every time and can be played in your spare time while doing other things like studying or reading. There are multiple benefits to playing the game such as earning coins for each level, getting hints if you use them properly, and unlocking the next level of puzzles which I find very helpful. You won't spend any money on it so you can just keep

playing without having to worry about any annoying ads.",

Great game by Coolmomo2 on 2021/04/25 18:50 This is an awesome word game! It is just like any other word game out there except for one thing. You can play multiple word games at a time. I like that because it doesn't make you feel like you have to stop playing just to start another game. It is my favorite word game right now. I love it!",
