"Coin Master" has been a major revenue source for Moon Active, having acquired over 1 million paid downloads in its initial release on Android devices as of December 2015. The game reaches #34 on the top list of grossing apps within the Google Play market. In April 2016 Coin Master was removed from the Google Play store for unknown reasons although in October 2016 Moon Active announced that "Coin Master" would no longer continue to receive updates following version 1.0. The game page on the Google Play store has remained active however.",

I'm almost broke by Don't get this game on 2019/03/25 18:10 You need to earn coins from spinning the wheel and games but it takes up all of your energy and then gives you 1 coin per fish. So you have to buy more energy with the coins you've already earned just so you can earn more coins. How many levels are there? Who knows because it gives you no way of knowing besides having to look at every level on your own. I've played this game for a few months now and I'm already broke. I've had to start putting coins inside my code so the game will pay out at the end of the month/week because otherwise you won't make it. How do I know? Because after I put in my code, the game pays me what it owes me but then takes money from me when it's trying to be nice and give me a level up bonus or an extra spin or whatever. If you want to spend money then don't play this game because there is no other way to get money easily without spending your own rubies/coins on extra energy. I also don't know how people are buying the "Chat with friends" thing. I have never gotten it to work and I have several friends who also play. So it makes you spend money just to talk to your friends even though you can't even talk to them for free using the in-game chat.",

Fun but laggy by AaliyahHuggs on 2018/03/09 21:50 To start the most annoying thing in this game is how slow everything loads and how long you have to wait for everything to come! The game keeps freezing and lagging and i really dislike that. It's so frustrating when it lags and you can't do anything. It makes me delete the app. Also the amount of coins you get from spinning is way to low! It takes a lot of time just to get that much! Overall it's a fun game but it needs some fix ups. ♀♂♂♂♀♂♀♂",
