The Free Robux application is compatible with almost every device, and can be used to play games on the computer or on your smartphone. This means that users can play games offline when they are not connected to the internet. The 100Robux app is compatible with the devices which launch in 2017, such as iPhone 7, Samsung Galaxy S8 and Google Pixel.

Rated 4 out of 5 by Anonymous from I love this game it is fun but it isnt free because there are so many things to buy. They charge money but its worth it because there a lot of things to buy. Rated 4 out of 5 by Anonymous from Its great! I think ROBLOX is the best because it gives you a chance to do things you've always wanted to do like: create pizza,save people, and much more It gives you a fun time with your friends and family. Im sure you will love this game.

Players can review other players' stats in the "Review Player" feature. The player reviewed must have interacted with the player reviewing at least once since the review request was made. A punishment system is also available for players who do not act in accordance with Roblox's terms of service or community guidelines.

At some point in mid-2015, they started using blockchain technology on their games as a way to verify ownership of an in-game item or character and prevent cheating. In December 2016, they launched a new internal system which allowed users to sell their games directly from the ROBLOX catalog instead of uploading them to the website's database.

In February 2014, the popular user "meepcity" was hacked by unknown users who had created a character as an avatar for the hacker group "Lizard Squad". The avatar's name was changed to "pedobear", an image widely associated with child pornography. Several other users' accounts were also compromised by the group's activities.
