Floating Balls! I have noticed that when you are at a group world and getting on people's chat heads they should be able to fly around like on normal. We need this because there are so many times where such a little bug would make these people mad if they were floating anywhere near them because they would not know what to say. Even though there are thousands of people in the group there should be more room for them to float. I think that there should be more than one chat head. I have seen people report this bug but it has not been fixed and I really want to see it fixed.

This method is very easy to use, and it also comes with a novice-friendly setup as well. In my opinion, this is one of the best ways anyone can use in order to get free robux on roblox in a very short amount of time without spending any money.

On December 14th 2018, ROBLOX announced that there would be no more updates to this system and any items uploaded would not be safe after February 10th 2019. It is also possible that if you subscribe to some games' channels on YouTube, they give you free robux. 8. Try and beat high scores so that developers share some money for free. 9. Submit a new game and hope to be featured by roblox itself because the developers said so.
