Users have criticized Coin Master for its monotony and reliance on making users pay real money to progress in the game. A user review on iTunes complains that it is "just another collect-a-thon with a coin motif". The developer of Coin Master has countered this criticism by stating that they do not believe in "pay to win" video games and hope to provide their users with a fun and engaging experience.",

The developers of Coin Master have been awarded numerous awards and nominations for Coin Master and its development teams have also been recognized in a number of press releases. In July 2015 Moon Active announced that they had received financial assistance from the Jewish Federation of Greater Washington for the creation of "Coin Master". This was to aid the team in their work developing "Coin Master 2" but this was subsequently discontinued. The developer of Coin Master has revealed that he is a practicing Jew as well.",

Coin master is an online only slot machine-style game which can be played anywhere in the world as long as you have an internet connection. The aim of the game is to earn new coins while playing mini games such as "slide or splat", "tap the fish", or "striped fish swim". These games are short, only lasting 20 seconds on average. The purpose of each game is to collect as many gold coins and gems which are the two main currencies in the game. The coins you collect may be used to spin the wheel when you have a "wheel spin", and the gems may be exchanged for clothes, backgrounds, or other items such as achievement badges which contribute to your level. There are also very small amounts of other currencies in the game such as diamonds, but there is no use for these at all.",
