On November 10, 2014, ROBLOX launched an invite-only beta for the virtual currency Robux. It was released to a small fraction of its user base whose accounts had been verified by Robotcrab, Inc. The currency was named after ROBLOX's mascot. All games and item purchases could only be made with Robux. The overall value of Robux is dependent on ROBUX exchange rates in the game itself; however, all players are guaranteed to receive the same amount of Robux (at the same time) regardless of their financial situation or how they choose to use them.

On August 28th, 2019, ROBLOX announced that they had implemented a new "Safe Chat" feature into their game catalog.[104] This feature would allow users to talk about anything they want while still ensuring that it is kid-friendly. This removes the previous chat restrictions that all users had and makes it so that younger users can play games without worrying about talking to strangers.

Another really cool method that can be used by all of the players is by using the official roblox app. The steps are very simple and you can register your account easily by just providing your username and password. Once you have done that, then you can begin using the free robux generator that is provided in the application itself.

On December 20, 2016, a 12-year-old girl in Las Vegas named Arielle De La Rosa was banned from Roblox for what she believed was a "harassment campaign". She had created a character named Emily Roe that she used to bully another player online. The bullying campaign went on for over a year until it came to her parents' attention and they contacted Roblox about it. The harassment campaign violated the Child Online Privacy Protection Act (COPPA). Her parents encouraged her to create a character named "Emily Roe" and they hoped that this would help her get unbanned from Roblox.

Roblox gives players the option to purchase membership for High School, Middle School and Elementary years. Players can upgrade their account to a VIP member which gives them time to play online when not connected to school wifi, and playing in moderation on weekends after school. Memberships cost between $9.99 USD ($10 Note: this price has increased since August 2018 but was not posted until September 2018) for elementary students, $12.99 USD ($13 Note: this price has increased since August 2018 but was not posted until September 2018) for middle school students and $17.
