Roblox has been criticized for letting users access mature content, such as nudity, on the platform. In March 2018, it was reported that there were multiple nude characters on Roblox. The game had a character that was wearing only underwear. The character also had private parts that could be exposed to other players. This resulted in a large number of complaints being submitted to the company and they responded by making the character wear pants. However, the character then became fully covered and was unable to be exposed in this manner anymore.

How about having a system where you can trade other players items and for their items you can trade them.. and also it would be better if someone was able to get ban for inappropriate activity but at least it would give them an option to choose from and no one should be allowed to use excessive exp which is currently going very bad in the game... How about aswell have a better chat message system as well as on roblox the roleplay activity is pretty dead....

Roblox is an incredible game that gives people the opportunity to play in a virtual world that has so many different games, and it's also completely free. In roblox there are many different categories of games you can play, for example you can create your own game, and the possibilities are almost endless. The first thing I was really interested in when I started playing roblox was creating my own avatar which was really fun because you have a lot of options to choose from. You can pick from what hairstyle you want to wear or even what kind of clothes you want to wear. You can also pick how big or small you want your avatar to be, how they look in the mirror and of course what color the hair is. You can even choose if you want them to wear glasses or not.

Rated 4 out of 5 by Anonymous from Very enjoyable I love this game very much. Whenever I play it, it makes me feel like I'm in a fantasy land. It has a lot of fun games to play like the space adventures, castle defense and many others. I would say that recommended this game to anyone who likes to play on the computer or laptop or anything else with computers. Overall it's pretty good.

I think everybody would love it because they are free, fun and interactive with each other. It really is something you can try with all your friends right on your computer! :D My brother used to hate me playing Roblox but he eventually got used to it. I really recommend it! ^-^ It's really funny! Rated 5 out of 5 by Anonymous from Best game ever I think it is the best game because you can do whatever you want on here and have lots of friends.
