In January 2013, the Chinese government started an investigation into various MMORPGs to determine whether the genre was suitable for children.[58] The same year, Sigaty discussed the possibility of a Battle.net-like service for World of Warcraft.[59]

Roblox has been used by various organizations for training a variety of topics. The United States Army uses Roblox to train teenage soldiers that have joined their Cyber Patriot Program. The team's mission is to create, maintain, and operate constructive team-based activities online via the game "Roblox". Outside of that, Roblox has been used in courses for mathematics, English, science, and history.

By using this type of code, you will be able to gain unlimited robux and access all of the different games that you want without paying a single penny. You can use it to play on any website if this is your first time or if you want to gain unlimited robux on any site. You can also exchange it for a limited time or for some other game that you might be playing on the site.

Roblox allows its players to participate in in-game events which are typically organized by the administrators of the game. These events may include special tasks for Robloxians or extra items that can be obtained during the events. Players who take part in these events may gain access to different amounts of ROBUX depending on their performance.

Hacking Roblox is a form of hacking. Hacking in general, when not applied maliciously, is the process of enabling access to computer systems that would otherwise be unavailable or difficult to access.
