This game features eight "coin tokens" which represent fruits, vegetables, and animals. Players collect these coins during the gameplay to earn points in the game. Three of the coins are represented by card illustrations; these coins are more likely to be found in chest rather than buried in the ground as with coins with illustrations of humans and animals. There are currently five sets available; one set is for each type of coin (four sets for negative coins and three sets for positive coins) giving a total of twenty-eight characters.",

Too many ads by Pooptart on 2016/08/20 15:40 It's kind of annoying how often you have to watch ads. I mean, an ad after like every two or three levels is fine, but then they also have ads that pop up if you don't choose the right word..and those are frustrating as well. The game itself is addicting and fun, but I feel like it's hard to progress in the game without looking for answers online..",

Awesome game by hhsnbhbg on 2017/10/09 18:52 I have many fun and exciting games, but this one is my favorite. This game is very fun and creative, and there are so many ways to play it. It is hard because there are so many different types of games you can play, but overall this game is really fun. I love it a lot, and i am addicted to it. The games are very interesting and the graphics are awesome too!\"",
