The game averages over 1,250 reviews with a rating between 4.5 stars to 4.8 stars across all platforms according to Google Play's and Apple's App Stores. The game's graphics are generally of an attractive and colorful nature. The characters featured in the game, while themed around coins, have been described as similar to "a kid's metal-head toys", with unusual characteristics that match the gameplay. In March 2017 Moon Active announced that a version of Coin Master was available for download on the Samsung Gear VR virtual reality headset. This version of the game was developed in partnership with Samsung and is based on their hardware (Samsung Galaxy). The game's description states that it is a "virtual reality experience" and that it allows users to "take full control of the adventure".",

Addictive!!! by Cam914 on 2015/03/29 17:33 This is by far my favorite game. It's so fun and addictive! It would be even better if you could turn off the adds. I just love playing this game, it's never a dull moment and you always have something to do! If you like word puzzles, word searches or just want to have fun, I would highly recommend this app!! I hope the developers add a reward system for opening the app every day as well!!",

Too many ads by Pooptart on 2016/08/20 15:40 It's kind of annoying how often you have to watch ads. I mean, an ad after like every two or three levels is fine, but then they also have ads that pop up if you don't choose the right word..and those are frustrating as well. The game itself is addicting and fun, but I feel like it's hard to progress in the game without looking for answers online..",

It's okay by Girl.xox on 2015/12/28 20:47 This game is extremely addicting and fun. It's just too bad that there are ads all over the place, along with the fact that you can only play 1 game at a time instead of being able to play multiple games concurrently. Way too many ads and it takes too long for me to get through each one. I'd give it a five star rating if it didn't have so many annoying ads and you could play more than 1 at a time.",
