As of 2015, ROBLOX does not require end-users to use their own search engine to find games.[18] This is bad as some users search for objects such as skins and items instead of games. This can lead to confusion because they may get a game search that directs them to user's profiles instead.

ROBLOX Studio, from a desktop PC screenshot taken on 1 September 2013 Game Similarities and differences Roblox games are compared in the table below. Developed by Epic Games. It introduced its own version of placeable objects called forts, which are similar to those found in ROBLOX's games such as "Rusty Heights". [131] Paintball There is a video that shows how to play this game. It consists of two players and two teams. The players try to hit a ball with their guns passed through the paintball-covered targets, and the team that hits the ball through all the targets wins. Grand Theft Auto V ROBLOX was compared with this game because it has similarities with it: it allows players to create their own cities, where users can place art, buildings, houses, vehicles and people. [132] Minecraft This is a creative building game played in an open world. Users have survival games they play in order for them to find loot and obtain materials needed to survive outside of their city(s). ROBLOX is similar to Minecraft because both games are created by the same company. Gamers in ROBLOX can use Minecraft-like blocks to build anything they want. [133]
