On May 23, 2013, ROBLOX launched an in-game currency known as "TIX" (short for Tickets). It was worth one cent each since its release up until March 2014 when it became worth ten cents. They were planned to be used to buy virtual items for the game "Dance Off", but this never happened. In 2016, ROBLOX announced that TIX would no longer be used in the near future and that other ways of earning and spending money would be found. The currency was officially retired on October 14, 2016; while any TIX that was previously owned by players became converted into an equal amount of Tickets. ROBLOX launched an option to buy TIX with real money on January 13, 2017.

- The game is too expensive. I cringe when I see that a certain hat costs 2 million Robux. Robux are the currency used in Roblox, and I have no idea where to get them in game. But it's pretty obvious that you have to pay real money for them or use your parents' credit card to access the store. And if you do use your parents' credit card, then they'll try to find out why you were so interested in a child's game and they will most certainly look at the Roblox website or app, which will reveal that there are so many games with suggestive themes/language that it will make your eyes bleed (and your mom/dad's too).

Free Robux Codes Sites This list is sorted by most visited and recently updated. If you find any additional sites that are not listed here, feel free to comment below! Free Robux Codes YouTube Comment Sites (Most Visited) These websites usually contain a link to a video which has the codes for free Robux inside, but these websites will spread viruses/spam on your computer if they are unsafe or expired links to videos. This means if you see a comment post any of the following codes on a video, it is most likely a scam.

There also used to be a filter for chat, which blocked any text that contained profanity. However, this feature was removed due to community feedback stating that it should be up to players if they want profanity in their chat.
