"Robloxian life" has actually changed how people view games now. People used to spend hours and hours in games without even noticing that time has passed because they were involved with the game's world. Suddenly, they realize their time is running out and that no one is helping them out for example.

In August 2016, Roblox announced that they would be offering their service in China. ROBLOX later confirmed that they started to accept users from China in September 2017, during beta testing.[62] Due to Roblox's popularity on Steam Greenlight, they were removed from the platform as of October 17th, 2014.

In April 2011, ROBLOX 'Escape Games' was converted into a mobile app. In July 2012, ROBLOX announced that they had released their second app for Android and iOS: 'ROBLOX TableTop'. In April 2013, ROBLOX officially released the Wallpaper Maker and the Voice Changer tools in the Roblox app. On June 22, 2015, ROBLOX announced that they had partnered with Lego to produce a new Lego-themed games (The first was LEGO Minifigures Online). They also partnered with Mayfair Games (UK) Ltd to release 5 new games based on Harry Potter. The game was released on September 28, 2015 and it was based on the book of Harry Potter and the Philosopher's Stone.

Overall, ROBLOX is fun to use and has many activities for players such as playing games and building creations. The unique graphics that come with each game can be beautiful or affective depending on the type of game it is. For parents that want their children to have fun and have gaming time without the risks of other online games, ROBLOX is a great place to use. This website has safety features for children and parents as well as many other positive features. ROBLOX was mentioned in a Video game advertising case in the Court of Appeals for the Fifth Circuit. The court upheld the game's placement of content, but struck down a provision stating that ROBLOX is an interactive computer service as a matter of law.

There also used to be a filter for chat, which blocked any text that contained profanity. However, this feature was removed due to community feedback stating that it should be up to players if they want profanity in their chat.
