In February 2015, En Masse Entertainment announced plans to merge servers for "TERA" and also announced additional details about Season 2 of "TERA: Rising". The merger began on March 11 with servers down for two hours beginning at 5 am Pacific Time (8:00 UTC). This was followed by two more short downtimes on March 17 and March 26 before all character transfers were completed. The merger of servers resulted in the creation of a single player vs. player server and a single role-playing server. The role-playing server was created to stop the underpopulated game world from splitting into two more servers.[62]
