The best part about this channel is that they post content from all around Roblox. The free robux promo codes for roblox are basically secret codes created by website users. The codes usually reveal the code that is being used to gain unlimited free robux. These codes are the most effective way to get unlimited free robux since they usually have a much higher value than other types of vouchers.

On May 16th, 2018, ROBLOX announced that they were updating their "Terms of Service" section of the website to disallow using custom models or code to explicitly gain any sort of advantage in-game. They also block users from uploading custom model and code files.[20]

On June 26th, 2018, ROBLOX CEO John Hanke made an announcement on Twitter that the company would be removing the ability to create avatars for users within games and requiring new avatars to be created instead. Once this update was implemented however, users were able to create new models based on existing ones and preserve them as a template which they could then upload into games alongside their original avatar. This update was to lower fraud within the site with copyright infringement and promoting copyright infringement by bypassing game mechanics by allowing users to create avatars of other users' games.[21]
