The "ROBLOX" logo was created by the company's CEO and founder David Baszucki in 1996, when he was originally designing the website's layout before it was launched. He designed the logo to look similar to the word "engine" on a train, as he envisioned ROBLOX to be a playground powered by an online community where users could create virtual worlds. The first iteration of the logo consisted of an orange square that displayed three green horizontal stripes, each separated by a white space. The stripes were arranged in a way that would yield nine pixels when all three were equally spaced. A basic version of the logo was used until 2003.

The more popular games have prices ranging from \$10-\$25 and some people think that it is way too expensive to pay for a game, especially if it doesn't require any physical hardware or extra equipment. Some also specify that when they see a custom hat being sold for \$25 and think it's ridiculous because hats aren't even digital assets and are an accessory.

Roblox has been accused of being an unprofitable company that does not pay royalties to its players. One of the users who quit Roblox because of this issue is a user named "Ezthero," a former moderator for ROBLOX's forums. Some others have also left the website after they learned that ROBLOX would get more money from their games if they did not sell them. However, Roblox has said that they do pay royalties to their users but only to those with large fanbases who are able to earn a lot from their games.

Because the codes were removed, many players are currently trying to figure out how to get free robux without getting scammed. Players who are too young to have an account and/or don't have a credit card can still get free robux by following these steps:

All the people who play Roblox have a lot of positive feelings about the game; it's because of this that a lot of people have been telling me that I should get involved with it. I am pretty sure that this is a good idea because I might really benefit from playing the game as well. Since Roblox is constantly being updated, there are many new features that can help me and my friends play together. I also think that it is a great way for me to learn and experience many different things. I really want to get involved with Roblox because I know that it can teach me a lot of things. Also, it is great that I can meet new people online who are my age and like the same things as me.
