The "ROBLOX" logo was created by the company's CEO and founder David Baszucki in 1996, when he was originally designing the website's layout before it was launched. He designed the logo to look similar to the word "engine" on a train, as he envisioned ROBLOX to be a playground powered by an online community where users could create virtual worlds. The first iteration of the logo consisted of an orange square that displayed three green horizontal stripes, each separated by a white space. The stripes were arranged in a way that would yield nine pixels when all three were equally spaced. A basic version of the logo was used until 2003.

On January 24th, 2019, ROBLOX released a plan for their future development. The main goal is to separate ROBLOX from its animation engine and make it its own game platform.[107] This will greatly cut down on the amount of time it takes to develop games for the site.

On May 14th, 2014 ROBLOX released Builder's Club which costs \$7.99 a month and required players to have it to use in place of the credits system. They later made improvements to the Builder's Club and decided to offer it for free in 2016. On April 25th, 2016, the ROBLOX website was updated to version 2.0. On September 28th 2016, the ROBLOX website was updated to version 3.0 and it had a new design with new features.

On January 23rd 2018, ROBLOX announced that they would be closing down their Minecraft marketplace. The marketplace would close on February 28th 2018. In February 2018, ROBLOX began to create more games for mobile devices.[78]

I love Roblox, but sometimes it's hard to keep the game up and you seem to be forced to buy certain games. I think there should be a better way of getting new people in the game and not having so many bad games out there. Everyone is trying to make money off of Roblox, which is good, but I just wish that they could make more updates for the games and keep them working properly.
