On September 8, 2018, ROBLOX released an update that added a "New Games" section to its website. This section is separated into sub-categories for ease-of-navigation and new content coming soon. This section also functions as a "curated library" with all games listed in a searchable manner (e.g., "roblox" will bring up any game about ROBLOX, but "roblox experiment" won't).

Another thing I like about roblox is how inclusive it is. I have learned that all players are welcome to play in this game, and this includes all ages and genders. This can help people meet new people with similar interests as well as find a way to communicate with others online. One time when I played Roblox, I was able to play a game that was very similar to the popular game fortnite. This is very fun for people who enjoy playing fortnite because they can play a similar game for free! It also gives people an opportunity to try something new and different while still being able to meet new people online.

In this review, I will go through all the pros and cons of playing roblox, as well as what makes some games better than others in terms of what they offer to their users. Friends. roblox is relatively popular due to it's vast user base, which can be accomplished through the group chat feature that is built in to the game. This feature allows users to communicate with each other, create groups and share things such as games, locations and others. It also allows users to see what their friends are up to in the game. The cross-platform ability of being able to play on tablet or phone means that roblox works very well on mobile devices as well as older computers that do not have much processing power or graphics prowess - whether you're playing on Android, windows 10 or a Mac running OSX.

Rated 5 out of 5 by Anonymous from Awesome! Roblox is SO fun! You can download it for free and make your own games with your friends... It's really fun and I recommend it to everyone!!!!

Roblox gives players the option to purchase membership for High School, Middle School and Elementary years. Players can upgrade their account to a VIP member which gives them time to play online when not connected to school wifi, and playing in moderation on weekends after school. Memberships cost between \$9.99 USD (\$10 Note: this price has increased since August 2018 but was not posted until September 2018) for elementary students, \$12.99 USD (\$13 Note: this price has increased since August 2018 but was not posted until September 2018) for middle school students and \$17.
