The territory restriction on new accounts for "TERA" was lifted in June 2012. At that time, players were also given a free transfer to a North American account. In February 2015, En Masse Entertainment announced plans to merge servers for "TERA" and also announced additional details about Season 2 of "TERA: Rising". The merger began on March 11 with servers down for two hours beginning at 5 am Pacific Time (8:00 UTC). This was followed by two more short downtimes on March 17 and March 26 before all character transfers were completed. The merger of servers resulted in the creation of a single player vs. player server and a single role-playing server. The role-playing server was created to stop the underpopulated game world from splitting into two more servers.[62]

In 2014 the company sponsored an event at the Children's Museum of Pittsburgh to raise money for charity (Charity Water). This was called Roblox Builders Club: Mutliplayer Tournament which raised over \$6,000 for charity water.

In 2012, ROBLOX launched a new feature called Builders Club which allows players to create their own games. Builders Club costs 10 ROBUX to join and provides a variety of benefits such as allowing players to create games, more options for game creation including scripting (Lua, in ROBLOX's case), increased visibility, can use the "Builders Club" tag in places like their profile and group titles, ability to add new hats to the catalog, t-shirt sales in online store.

Roblox has been accused of neglecting its staff and failing to offer development positions to its employees because its staff is almost entirely composed of white males, even though Roblox's community has been growing in diversity for years.
