On December 30th, 2011, Roblox sent a DMCA notice to Awaited Studios to take down "Infinity: The Quest to the End of the Universe" after noticing that they were releasing code from ROBLOX in their game. Since then, the company has kept all of its released code in a separate source file called "robux".

The purpose of this update was to improve the player's experience of ROBLOX's website and also earn more revenue for ROBLOX by making users spend more time on their website (thus charging users extra money). The biggest change in this update was the live chat feature, which allows players to communicate with other players while playing and has recently been updated to be implemented directly into every game on the site.

ROBLOX's first virtual item was the "Builders Club," which was launched in 2006 and was free to all users. It grants users certain privileges that allow them to create and publish places easily on ROBLOX. The Builders Club is currently \$9.99 a month; however, it used to be \$6.25 a month until 2014, when it was increased to its current price. The Builder's club has since been discontinued for Xbox One and PS4 users as of December 2018 due to converting the Builder's Club into a Builders Pass which costs \$9.99 a month instead of \$6.25 a month.

Rated 4 out of 5 by Anonymous from Great for kids I love this game because I have good time with my friends. For example, we build houses and race cars. I think the game is fantastic and it helps me to learn better. It's not just for kids because sometimes adults play it too. I love it so much and think other kids should play it.
