Coin Master is a free, single-player, casual game created by Israeli studio Moon Active. The gameplay is similar to Chinese multiplayer online battle arena games with the added element of interactivity where players can use their phone's camera to scan a coin, which will then reveal parts of a story about their adventure while also making it collectible.",

Great game by Coolmomo2 on 2013/04/25 18:50 This is an awesome word game! It is just like any other word game out there except for one thing. You can play multiple word games at a time. I like that because it doesn't make you feel like you have to stop playing just to start another game. It is my favorite word game right now. I love it!",

On June 24, 2019, Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for iOS as a free app (it is not available on Android). This "Coin Master" title features an updated version of the popular video game "Puss in Boots". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Puss in Boots is composed of 3.0 out of 5 stars (out of 1 vote) from 1 user, with a user rating of 3.0 out of 5 stars (out of 1 vote).",

"Coins & Curses Adventures" is a spin-off game based upon the popular mobile game, "Coin Master". It is currently in development and will be released in 2018 on multiple platforms. The game will be an "RPG style" adventure game set in a fantasy world similar to the "Coin Master" universe, however it will not be based entirely around coin collecting and instead feature many new gameplay mechanics.",

Great app, but... by Anubis_In_Da_Club on 2013/11/27 15:02 I love this game, but I hated the fact that you had to wait a while until you could start another game. It was very frustrating. Overall, it is amazing! It's my favorite game because it's not like every other puzzle word app there is out there.",
