Coin Master was generally received well by reviewers. Some praised the concept, artwork and its ability to provide both entertainment and nostalgia. Joystiq referred to it as a "trippy looking game" in their review. This sentiment was echoed by Gametrailers who referred to it as "unique". Other critics felt it was too similar to other games, especially "Tetris" and its clones, which were described as being overplayed in general.",

Best Game Ever by Ali Bery on 2017/11/30 17:16 This game is so fun and addictive! It's great because you can play with your friends, chat with other players, and customize your character with tons of cute outfits! The most amazing thing about this game is how many different achievements there are to unlock. You can even play a bunch of different mini games to win prizes! But after an hour or two that can start to get boring. So, I would say this game is great for short bursts or if you are bored or when you're on your phone at home.",

Good game by Kiyaa on 2018/11/14 17:12 This game is fun and addictive and perfect for passing time but there are some glitches with the game. First off, when an item goes out of stock, you can spend hours or days trying to get back into the item. Secondly, the cheating needs to be fixed. You can see when someone has low health and attack them. They have the option to block you, but they can still win. There is nothing you can do about it. Third, the spells and potions aren't really useful. The spell usually only goes through to your opponent one time so that's pointless. The potions are also very expensive and don't really do much of anything for you. Lastly, I would like it if there were some way to get more coins because when there are special items that cost 1000 or more coins I have to spend an entire day saving up for them. It really gets old once you get more coins than everyone else.",

Great Game by Brianna131312 on 2018/07/25 01:10 I personally love this game because you get rewarded better as you play the game. It's fun and very addicting and also they update it every once in awhile so it's always fresh. One thing I wish they did was allow more opportunities to get coins for free instead of going to a shop and buying coins with money. It would be a lot more fun if they added mini games that gave you a chance to win free coins or even a small lottery that you could enter. I think it would add more fun to the game. Other than that this is a great game and I highly recommend getting it if you haven't played it already.",

Great game - one issue by nathaniel lewis on 2013/09/19 02:08 This is a great game, the puzzles are challenging, and the controls are very clean. My only problem is that when playing through the puzzles you occasionally need to hit a certain combination of tiles to continue. The problem is that those combos vary from level to level depending on your progress, so I end up having to restart my phone if i want to get back into the puzzle where I left off. A little frustrating, but still a great game.",
