TikTok is now available on Android TV. The new version enables you to be able to pick up where you left off in a video from any screen on your Android TV. It also supports new gesture recognition modes, such as pinch-to-zoom, which allow for precise control over camera zoom or image playback controls. Taking your phone and placing it somewhere far away from you provides a better perspective on the videos created by the app: This is useful especially for taking videos that use a lot of depth of field without being too close to the subject.",

On October 30, 2021, TikTok released a new feature called "Story" that allows users to create story-like videos up to one hour long where they can add effects and filters. The app also introduced "TikTok Open Studio" where users can create their own stickers, illustrations and comic books.",

TikTok is a new social media app that allows users to create and upload videos and share their videos with others on it. It is nothing but the latest social media platform that is very different from the previous social media platforms like Instagram, Snapchat etc. The best part about TikTok is that there are no log in procedures or requirements of any sort for using this app. You don't have to pay money at all for using it and you can even

get rid of ads on the free version of it without having to pay any extra money as well. There are no restrictions regarding temping the app at all either which makes it a little bit better than Snapchat or Instagram",
