The game's worlds are different from most games on Roblox, because they are not based around themes. This makes the game easier to navigate when learning how the world works, and also allows for more creativity in the types of things that can be made. The world is made up of a variety of things; buildings, vehicles, furniture and objects such as weapons and armor. Each item has its own purpose and will function in the way it was intended for.

ROBLOX released a new website design on August 1, 2017 (10:00 AM). This redesign changes many things for user convenience, also the entire site was re-coded from scratch to be more efficient. The creators of ROBLOX have a goal for ROBLOX to be widely used in all aspects of life and they wanted people around the world to have access to ROBLOX. To achieve that, this redesign is part of their overall plan which includes global expansions.

Another generator worth mentioning is the Robux Investment App . This is also an app that sends you robux once you've uploaded a video to YouTube. However, it actually requires you to invest in the application to receive robux. When you invest \$5 USD or more, the Robux Investment App will send out 100+ free robux per month for life!

Rated 5 out of 5 by Anonymous from Awsome This game is awesome! It has so many things to do that are fun and creative. My favorite thing about it is that you can make your own games, and make them have whatever apperance you want. Also you can create things like your own characters and all kinds of other things too! Go try this game out today!

Robux is the virtual currency for the game Roblox and it is used to buy a variety of items such as gear or apparel for an avatar. Roblox players can earn free robux through games, purchases or selling their creations on the site.
