On December 5, 2018, ROBLOX released their first Steam game "ROBLOX On Ice", developed by user SamoDaCar. In early 2017, ROBLOX released a YouTube channel. The channel features animated shorts of the game "Abobo's Big Adventure", a reboot of the popular war series "Abobo's Big Adventure". In July 2017, ROBLOX released its second YouTube channel called Roblox Top Model. It came with a new show and it was announced that they were coming out with more shows in the future. This channel features many shows, including Talent Time, Celebrity Catwalk, Dancing With The Star, The Edge Of Glory and more.

Rated 4 out of 5 by Anonymous from Pretty Fun This game is fun and very addicting but would probably be more fun if you had a personal computer or notebook. And sometimes there are annoying adds but overall its a great game if you want to have some fun with your friends online.

The 100Robux app is really easy to use, and can be used on every device even without installing Roblox. The adverts are quick and easy to use, and the free robux is a great thing to get. All I would say about the 100Robux application is that it is simple and easy to use, even if you are not good at gaming. Also when using the 100Robux app, there is no risk of your account being banned or anything because it is just a game app.

Roblox has been criticized by parents for issues such as allowing players to have relationships with other users through the game, and allowing players to (unsuspecting) "friend" hackers. Other criticisms include consuming large amounts of bandwidth, and not being child-friendly. The site has been removed from school computers in order to protect children.

Rated 4 out of 5 by Anonymous from Good website with good games and fun! This game is really fun and you can make your own games or play the ones all the other people have made! Rated 3 out of 5 by Anonymous from A great game but it costs money that is the best game ever unless u have to pay
