Coin master currently has a 4.5 star rating on Google play with over 8,000 reviews, and a 3.5 star rating on the iOS app store with almost 2,000 ratings. This is probably due to the fact that while this game is not the most addictive or fun around, it definitely is a good game to pass time with if you have nothing else to do. The graphics are nice and colorful and the concept of going from island to island collecting treasure along with your pet fish is unique compared to other games out there. I also enjoyed how there were achievements and collectables you could purchase at certain levels which allowed you to work toward achieving something special in the game as well as progress through it more easily. Besides that, I feel like this game is definitely worth a download and worth 5 dollars to unlock all of the cool stuff, but as it is right now I wouldn't recommend it.

Good Summary Coin master is fun to play, but not nearly as addictive as other games out there. Worth it if you love price charts and achievements, otherwise try other games first."

The special edition "Humble Coin War" was released through United Pixelworkers' official Facebook page on September 1, 2016 featuring seven exclusive cards from "Coins & Curses 2". The package included four premium packs of cards for use on mobile devices (full version of the game) and two extra packs which were only available through this special offer."

The game's art-style was inspired by the 8-bit imagery of 1980s games, as well as by paintings and sculptures from the time. The artwork for the coin characters was based on photographs from real coins. The process of designing each coin character took around one hundred man hours. The game is built on a framework of Unity. It was written in C# for iOS, UnityEngine.dll for Android, and Monkey X (Monkey Engine) for PC versions."

The game's objective revolves around collecting coin cards for use in quests with matches to earn rewards and spin a slot machine that can lead to bonus levels, cards, or extra items in the form of coins or boosts."

Kingdom clash, game is awesome but by awesome gamer on 2017/11/07 03:05 I am playing this game every day. It's a really fun game to play. There are some problems with it. For example the in-game chat, there are too many ads and that's not good because my friends and I play the game and one of our friends said that there were over 30 ads in one day. Never minding that other friend said she got payed 5 dollars for a survey. I mean, come on. The price of gems are so high. I want to buy a lot of stuff but the prices are expensive. Good luck making this game better!"
