ROBLOX has banned thousands of accounts, usually for viral videos made by "trolls" or people who want to annoy other users/admins. Most of the bans these users receive are handed out by administrators but every once in a while a user will get banned for a "troll" video or similar reason. Some are also apparently banned because they made potentially offensive comments in the chatbox, not for any type of post or action that breaks the TOS.

The 100Robux app has been designed for the people who are looking to make money and earn in-game currencies, such as Robux, through online ads and offers. This would be a way for gamers to make money off their skills by building up their game and having other users purchase in-game currency.

This hack tool is most likely something that will be used by experienced players, so it should not take a long time for anyone to use it at all. The best thing about this hack tool would be that no one needs any experience or any technical skills in order for it to work properly. All you need to do is simply download the tool, and then you will be able to use it without any problem at all.

Rated 4 out of 5 by Anonymous from Great Game RoBlox is a pretty good game. You can build stuff and play games for free. It's really fun!

The product was heavily criticized by users who claimed it was just a copy of YouTube.[87] On September 24th, 2018 ROBLOX announced that they would no longer make updates or interact with people's comments.[88] It is unknown if they will continue making content for the channel. However, ROBLOX did announce that they are continuing to work on improving their products.
