In 2015, the game gained attention when a player won a card pack as part of a charity raffle. The player was awarded the card "MYSTIC MINE" by developer United Pixelworkers after taking part in an event via their Twitter account. Mike Miller, the developer of the mobile game, confirmed on his Twitter page that it is an actual card for sale in their store and since then has made appearances in real-world merchandise and as part of cards used in tournaments.",

"Coin Master" won an Honorable Mention from the 2015 Indie Royale Awards for "Best Card-Based Game". As "Coins & Curses" received mostly positive reviews, Mike Miller announced in September 2016 that a sequel to Coin Master was being developed, titled "Coins & Curses 2".

It was released on iOS and Android on December 8, 2016 with some of the original developers from Coin Master returning to work on the game.",

Good but... by minecraftgirl\_1234 on 2018/02/18 22:32 This game is great i love it but there are WAYYYY to many ads and the coins aren't cheap at all. I don't mind watching ads for getting coins and what not but I don't do it all the time like you guys want me to. I only have a small allowance which means a lot of my money goes to starving myself on this game. And if you get an ad like once every hour just be thankful for what you get because 90% of phone apps are like that or even worse. Anyways it is a great game and I love it but there are some glitches. Like when I'm clearing the road, I have to tap on the broom to be able to sweep and keep tapping until it unlocks which causes me to lose a lot of lives. Also you could fix one of the new updates where coins and gems and tickets go away sometimes. Sometimes they don't even go away if you got them from one of the game features. And those features are part of getting coins and gems. What about lucky tickets? And if you have this problem too then just tap until it unlocks then get off for like 5 minutes or so then re-open the game. That usually fixes it. Also please fix the issue with the ticket counter. I don't know what it is but I've been watching a lot of videos and forums and they say that if your game is running slow then you should get rid of the "Greatest Hits" feature but you don't get any more coins or like any more credit for using that feature. It's just a wasted ability.",

They're is too many ads by hannah\_dew on 2018/02/01 00:08 I love this game but they are so many ad. It is very really annoying when I am just trying to pass my time and it makes me really mad. The game takes up all of the space in your phone as well. If it weren't for all of the ads this game would be a 5 star it's unfair that you make it a super hard game and then have like 50 ads after one level. I think that you should make the ads less frequent and add more features or make your levels easier if this is going to happen then please tell me so I can see your update. I am a huge fan of this game",

Coin master has been out for a few months now and is the first game of its kind and has had an overwhelmingly positive response. We here at TheGamesLovers thought that we would take a closer look at how this game works, what is needed to play, and what makes it so addicting.",
