My parents really like Roblox and they think it's a great way for me to make friends. They think it's good that I'm able to talk to other people online, meet new people and talk to them offline as well. The game is very social, so they like it because I've made many great friends through playing Roblox. I really enjoy Roblox because it has helped me develop a lot of social skills, and it's also a game where you get to meet new people from all around the world. I will continue playing roblox because it gives me the opportunity to have fun and make new friends.

During the time when Roblox was first being developed (2004–2007), there were a small number of games created that were designed to troll or harass other user accounts on the game platform. Trolls could take advantage of the limited moderation tools and exploit loopholes in the "Terms of Service" and "Community Guidelines".

All developers can have a Builder's Club account. However, some games require payment in order to purchase the Builder's Club membership itself, or for Builders who want more than one account per Builder's Club.

On July 19th, 2019, ROBLOX announced its new version of the catalog, where users can now search games by the Tags that already been implemented onto all of the games recently. This was created to allow users to discover new content with ease and quickly find what they are looking for. Also more updates have been added in this catalog such as viewing game thumbnail frames, images, descriptions, and more.

On May 9th, 2015 ROBLOX changed their logo again which became more square and flat then their old one. Their previous version was rounded more than their current version. On November 5th, 2016, ROBLOX released yet another logo which is now a modified version of the 2010 logo. The new logo has a more pixelated layout and a different shade of blue.
