ROBLOX Studio, from a desktop PC screenshot taken on 1 September 2013 Game Similarities and differences Roblox games are compared in the table below. Developed by Epic Games. It introduced its own version of placeable objects called forts, which are similar to those found in ROBLOX's games such as "Rusty Heights". [131] Paintball There is a video that shows how to play this game. It consists of two players and two teams. The players try to hit a ball with their guns passed through the paintball-covered targets, and the team that hits the ball through all the targets wins. Grand Theft Auto V ROBLOX was compared with this game because it has similarities with it: it allows players to create their own cities, where users can place art, buildings, houses, vehicles and people. [132] Minecraft This is a creative building game played in an open world. Users have survival games they play in order for them to find loot and obtain materials needed to survive outside of their city(s). ROBLOX is similar to Minecraft because both games are created by the same company. Gamers in ROBLOX can use Minecraft-like blocks to build anything they want. [133]

On January 31, 2018 ROBLOX introduced Community Plots. These plots were originally planned to be released on June 30, 2016, but were delayed. However, they came out on January 31 as "Floating Skyboxes". These plots are a way for ROBLOX users to make money from their creativity and imagination. You still use Robux for them. On July, 2018 ROBLOX introduced the Free-to-Play Game Pass that allows new players to play online games without having to pay ROBUX.

ROBLOX released a new website design on August 1, 2017 (10:00 AM). This redesign changes many things for user convenience, also the entire site was re-coded from scratch to be more efficient. The creators of ROBLOX have a goal for ROBLOX to be widely used in all aspects of life and they wanted people around the world to have access to ROBLOX. To achieve that, this redesign is part of their overall plan which includes global expansions.

ROBLOX runs a no-sell policy that allows for players to earn "robustokens" or Robux. These tokens can be used to both purchase games, games from other users, and in-game items. It also serves as a way to gain currency for in-game purchases such as buying more slots, which helps players advance faster in the game.

The free robux promo codes for roblox are being used with increasing regularity. The promotion of these types of codes is also increasing the number of players that are using it. The codes are also being used to play a lot of the most popular games on the site, especially games that are from veteran developers.
