This game has a lot of issues and some of them are not being fixed. 1, Roblox's profit issues are really bad, most of these profit issues are being given to Travis, they give him most of the money even though most people have less than 5 dollars on their account. 2. There needs to be a code that places your character on trial for inappropriate content and it is not even against ROBLOX's rules but I am giving this code to you.

Roblox is involved in a lawsuit concerning child safety on the Internet. On September 17, 2010, two brothers filed a lawsuit in the United States District Court, Southern District of California against Roblox Corporation and its founder and CEO David Baszucki. The suit alleged that the defendants failed to protect their nine- and thirteen-year-old sons from inappropriate content on Roblox that resulted in emotional distress. The suit also accuses the company of negligence for failure to monitor potentially harmful content and failure to institute parental monitoring measures. The case is known as "McDonald v. Roblox".

Floating Balls! I have noticed that when you are at a group world and getting on people's chat heads they should be able to fly around like on normal. We need this because there are so many times where such a little bug would make these people mad if they were floating anywhere near them because they would not know what to say. Even though there are thousands of people in the group there should be more room for them to float. I think that there should be more than one chat head. I have seen people report this bug but it has not been fixed and I really want to see it fixed.
