The way Roblox works is by creating an account. In this account, you will be able to make your own avatar that you can customize to look however you want it to. With this avatar, you can go on to explore the different places and games in Roblox. You can interact with other players that you meet in the game and even chat with them. There are many different categories of games that you can choose from to play and I like this because you have a lot of options to choose from. One thing that I think is great about Roblox is that you do not need to pay any money to play it all the time. This is because you can buy Robux in order to use it for building purposes or for upgrading your avatar. This is great because rather than just paying and continuing to play, if people don't want to pay they don't have to.

In March 2017, ROBLOX added a new feature that allows builders to use an already existing image of a face as their character's face. The face can be uploaded from the user's computer or through an online camera. This feature has been disabled for the 2017 Halloween game *The Mad Murderer*. [38]

The game has a number of features that help users to create their own games. Users can mine for materials in the sandbox and use them in their own games, or they can buy materials from other users in the Marketplace. The menu includes a number of categories, such as Buildings, Boxes, Characters and Game Objects. Users can tick these categories and use the menu to search for whatever they need.

Rated 4 out of 5 by Anonymous from *Awesome* It's an awesome game and I like how you can make your own games on ROBLOX! Rated 3 out of 5 by Anonymous from *It's alright* I really like playing Roblox. The only thing I don't like about it is that you have to pay for a lot of things. Rated 2 out of 5 by Anonymous from *Worthless* the only thing this app is good for is getting annoying ads. Rated 1 out of 5 by Anonymous from *This app should be deleted* It has a lot of ads and it doesn't let me play any games. I've tried to pay for it but I have to pay for all of the games.

The next time you log into your Roblox account, it is recommended that you take a moment and really think about what information and/or games can be accessed by the hacker. If this is not enough, start using anti-virus software to look over your computer for any unauthorized programs installed on the system. Never share personal information with any website that requires it, especially when it contains your email address.
