Roblox is involved in a lawsuit concerning child safety on the Internet. On September 17, 2010, two brothers filed a lawsuit in the United States District Court, Southern District of California against Roblox Corporation and its founder and CEO David Baszucki. The suit alleged that the defendants failed to protect their nine- and thirteen-year-old sons from inappropriate content on Roblox that resulted in emotional distress. The suit also accuses the company of negligence for failure to monitor potentially harmful content and failure to institute parental monitoring measures. The case is known as "McDonald v. Roblox".

The next time you log into your Roblox account, it is recommended that you take a moment and really think about what information and/or games can be accessed by the hacker. If this is not enough, start using anti-virus software to look over your computer for any unauthorized programs installed on the system. Never share personal information with any website that requires it, especially when it contains your email address.

I really like Roblox because I get to make friends with other users on the Internet that are my age and play games with me. Another thing I like about it is that you can play different games and see which ones you like, so it's very fun to me. I also think that the game has helped me develop a lot of social skills because you can talk to your friends using voice chat or text chat. You can tell them how you're feeling, what's wrong, etc. It's a game where there are a lot of different people from all around the world and they all have their own story. Another reason why I love the game is that you can really make new friends and you can play with them offline.

I personally think that the vast majority of Roblox games are for children. There is only a few games that are suitable for adults which were developed in recent years, but there are also a large number of games that have been around for years, and it is still very popular. I don't think there is anyone who has played this game since they were a child, so it's not like people will stop playing because they're unhappy with the newer games.

Rated 5 out of 5 by Anonymous from Creating games is awesome! I like playing ROBLOX because I can create my own game and put it on the store. It's really fun!
