Her parents did not approve of this decision and they started a petition on Change.org to get their daughter unbanned back on Roblox. They stated that her ban would be a violation of their privacy rights as well as an infringement upon her civil rights, as a minor. The family requested that Roblox reverse its ban of Arielle and instead give her a warning to stop future harassment, which she committed while playing "Minecraft". The petition received more than 50,000 signatures in less than 12 hours. However, it was then reported by users that the petition had been removed from the website soon after it began. As soon as the petition was received by Roblox, it was announced that her account would be reviewed and further action would be taken in response to how she had "been conducting herself online".

There are two types of premium features: content premium and currency premium. Content Premiums typically involves a single item or feature that changes the game mechanic, such as more life points and/or more room to build, or increased maximum health for monsters. Currency Premiums usually involve the addition of new items to the game that are only available through favorable conditions (for example, allowing players to purchase a specific item for Robux). Some Currency Premiums can also require membership in Builders Club.
