There are many craftable items in Minecraft. However, it is better to always use servers that have anti-cheat systems implemented like Lucky Block Servers or if you want no chance of getting banned, then go for Vanilla servers. This is because there are cheats that will not allow you to break blocks but will let you move around freely. By using these cheats, people who get banned from server administrators because they think they are cheating will be able to avoid ban evasion detection by running the cheat program inside their LAN and connecting to the server only when they need to.",

After creating an item in the game's crafting system, the item will be unable to be removed from its original shape and will require a lot more resources to re-craft. If the player is killed before they have had time to craft their next item, then any unfinished items they were working on will remain in that shape until they respawn back into the game.",
