Game worlds which offer mods generally have moderators who will not allow you to hack your game, especially when you cheat in-game using cheats. So make sure that you follow the rules of the mods and if some mods don't have any rules, then it is really better to play on other vanilla Minecraft servers for staying out of trouble with moderators. Cheating in Minecraft means breaking your own game rules and violating the server's policy about cheating. There are various ways to cheat in Minecraft, and they can be categorized into two categories based on what kind of effect does it have on the server population and gameplay experience.",
